

Mrs. Hatfield's Grading Policy

In class, each student will be assessed on a variety of tasks in order to show evidence of proficiency. All grades are based on a point value scale. See below:

Quizzes:	10-50 points
Tests:	51-100 points
Writing assignments:	20-100 points
Projects and other assignments:	20-100 points

At the end of every marking period, all student-earned points are added up and divided by the number of total points possible. This number will be the student's final grade.

Please note:

Assignments must be **in class** or **appropriately submitted** when they are due.

- Assignments that must be printed must also be **stapled** before you walk in the room.
- Assignments that must be submitted electronically must be done so in the required way and **BEFORE** you walk into class.
- Late assignments will not be accepted.

When you are absent you have two school days for every day you were absent to make up tests and quizzes. It is **up to you** to schedule a date and time to do so. Any test or quiz not made up by that time will receive a grade of 0.
