

We had so much fun together this year in the reading room! I'd love to hear your thoughts. This week for homework, please complete this reflection sheet. Be prepared to share your answers during our Zoom meeting on Friday! :)

What is your favorite **book** we read together in the reading room? Why?

What is your favorite **game** we played together in the reading room? Why?

Write about what you are most **proud** of in terms of your reading, writing, or spelling:

What is something that you find **challenging** that you'd still like to work on next year?

What was your favorite **virtual learning** assignment? Why?

What is something you wish you **could have done more of** in the reading room this year?

If you have any other thoughts or things you'd like to share with me, please write them below!
