**Subject:** "Nourishing Neighbors" grant received by New Providence School District

New Providence School District recently received a \$500.00 Nourishing Neighbors grant from ACME Markets Foundation's Nourishing Neighbors holiday fundraising campaign. Over the past holiday season, customers were asked to donate at the register to help feed our neighbors and the grant is a result of these generous donations. The New Providence School District will use this grant to further develop the high school food pantry.

Nourishing neighbors is a charitable program of the ACME Markets Foundation. The program aims to eradicate childhood hunger in America by keeping food banks stocked and supporting meal distribution programs at schools. In 2020 Nourishing Neighbors enabled 350 million meals, invested \$10.4 million in schools to feed kids, and provided \$9 million toward empowering BIPOC communities through hunger programs.

New Providence School District is proud to partner with Nourishing Neighbors to help fight hunger issues in the community.
