The New Providence School District will hold a series of Strategic Planning Sessions during the 2019 - 2020 school year to aid in the development of the New Providence Board of Education Strategic Plan for 2020 - 2025.

Board of Education members Bernadette Cuccaro, Adam Smith, Joseph Walsh and Superintendent Dr. David Miceli will moderate a total of eight community sessions from September through March. The 2025 Strategic Planning Goals will be announced at the May 28th Board of Education meeting.

Dr. David Miceli, Superintendent of Schools, states "I'm excited about the community's participation in the strategic planning process. I value their contributions, and look forward to the development of new goals over the next 5 years, which will have impact on our next generation of students."

Members of the community, parents and staff are encouraged to attend and participate in these sessions, which will provide an opportunity for community sharing and collaboration.

All sessions will be held in the High School/Middle School Media Center at 7pm. Each session will be limited to 90 minutes.

An additional two sessions for students in grades 6-12 and staff only will also be held during school hours.
