Preventing the Summer Slide in Language Arts & Developing Mathematicians

Preventing Summer Slide in Language Arts

Your child has made great strides in reading this year and now summer is upon us. Learn about the summer slide, preventing learning loss, and how to promote reading at home all summer long. This session will focus on strategies for building a reading life and will review the online resources available to students this summer that will help prevent the summer slide.

Developing Mathematicians

Do you want to support your child in becoming a budding mathematician? Do *you* not like math or feel that you are not good at math, and wonder how you are going to support your child in math? Do you want to learn ways to support math at home? Then this presentation is for you! Join us to learn the power of mathematical mindset and learn fun games and activities to promote math at home.

Who: Parents in Grades K - 2

When: June 1st, from 7:00 pm - 8:10 pm
